PROFESSIONAL SUMMARY

Results-driven BSCS graduate with 1+ years of hands-on experience in Web Development, Software Quality Assurance (SQA), and Cybersecurity. Skilled in building full-stack web applications using React, NodeJS, Express, Asp.Net, PHP, Laravel, HTML, CSS, and JavaScript, with a strong eye for quality through manual and automated testing (Jira, Postman, JMeter, Cypress). Holds a Google Cybersecurity Professional Certificate and applies secure coding practices throughout the SDLC. Proven ability to deliver functional, secure, and user-friendly software across internships and freelance projects. Actively seeking a role where I can contribute across development, testing, or security functions.

PROFESSIONAL EXPERIENCE

Frontend Development Intern | [DeveloperHub.co \(Virtual\)](#) | Mar 2025 – May 2025

- Built a cybersecurity chatbot using HTML, CSS, and JavaScript to handle real-time security queries and simulate threat scenarios.
- Converted Figma mockups into a fully responsive e-commerce website with cross-device compatibility and modern UX practices.

Cybersecurity Intern | [DeveloperHub.co \(Virtual\)](#) | Jul 2025 – Sep 2025

- Conducted penetration testing on a demo web application, documenting critical vulnerabilities using industry-standard security tools.
- Performed vulnerability assessments on bWAPP, identifying and analyzing SQL injection, XSS, and CSRF exploits with remediation recommendations.

Web & .NET Developer (Intern + Freelance) | [Mar IT Solutions & Personal Projects](#) | Feb 2025 – May 2025

- Developed 5+ full-stack applications including Hotel Management, E-commerce, and SOC Dashboard
- Built apps using ASP.NET Core MVC, C#, SQL Server, Entity Framework Core
- Implemented JWT authentication, SignalR real-time features, and responsive frontends with React

SQA Engineer (Training) | [NexGen Institute](#) | 2023

- Executed Black Box, Smoke, GUI, Functional, and Regression testing on web applications.
- Performed API testing via Postman and load/performance testing using JMeter.
- Manual & automated testing (Postman, JMeter, Cypress)

Software Engineer Intern | Glosix Systems (on-Site) | 2 Feb 2026 – 30 April 2026

- Developed full-stack web applications including Home Management System, SOC Dashboard with SIEM, And SOAR Implementation using **ASP.NET Core MVC**, **C#**, **React.js**, **Node.js**, and **Express.js** with **SQL Server** and **Entity Framework Core**.
- Collaborated with remote teams to deliver responsive, scalable prototypes incorporating **ASP.NET Identity** for user authentication, **JWT-based auth** in Node/Express APIs, and **SignalR** for real-time data handling.

TECHNICAL SKILLS

Languages	React, Node, Express, PHP, SQL, C++, C#
Frameworks	Laravel, Bootstrap, (.NET Framework)
SQA & Testing	Manual Testing, Functional, Regression, Integration, API Testing (Postman), Performance Testing (JMeter), Cypress, Black Box Testing
Tools	Jira, Trello, Git/GitHub, VS Code, Figma
Cybersecurity	Penetration Testing, Vulnerability Assessment, Secure Coding (SDLC), bWAPP, SQL Injection / XSS / CSRF Analysis
Other	Database Design, Freelancing (Fiverr / Upwork)

EDUCATION

Bachelor of Science in Computer Science (BSCS) — 2022 - 2026

University of Agriculture Faisalabad (Sub Campus Burewala)

Intermediate (ICS) — 2019 – 2021

GC Burewala

CERTIFICATIONS & TRAINING

- Google Cybersecurity Professional Certificate ----- Coursera
- Software Quality Assurance (SQA) Certification
- Full Stack Developement in Glosix Company in React and .Net Framework
- DigiSkills.pk Freelancing Training ----- Virtual University
- DigiSkills.pk Communication & Soft Skills Training
- DigiSkills.pk Entrepreneurship Training
- DigiSkills.pk Data Analytics and Business Intelligence

NOTABLE PROJECTS

- E-commerce Shopping Platform ----- Full-stack with product listings, cart, and user authentication
- Cybersecurity Chatbot ---- Real-time security Q&A and threat simulation interface
- Hotel & Home Management Systems ---- CRUD applications with database connectivity
- Malware Detection Website ----- Frontend interface for malware scanning workflows
- SOC Dashboard ----- Responsive web app with real time monitoring with SIEM and SOAR implementation

LANGUAGES

English (Professional Proficiency) **Urdu** (Native) **Punjabi** (Native)
